

AMERICAN UNIVERSITY OF NIGERIA

Do you want to expand your knowledge and get more practical IT skills?
Come join the class on Cloud Computing offered by the Huawei ICT Academy through AUN.

What is Cloud Computing?

Cloud computing is a model for enabling ubiquitous, convenient, on-demand network access to a shared pool of configurable computing resources (e.g., networks, servers, storage, applications, and services) that can be rapidly provisioned and released with minimal management effort or service provider interaction.

What is the Huawei ICT Academy?

The Huawei ICT Academy is a non-profit partnership program set up between Huawei and a select few of higher education institutions. The academy authorizes global universities and colleges to deliver Huawei Certified ICT courses to students. AUN now has its own ICT academy in partnership with Huawei, and the academy offers certified courses in the most vibrant areas in ICT, such as Cloud Computing.

What are the benefits of a cloud computing course with the Academy?

- Huawei ICT Academy HCIA Certificate
- Fundamental Understanding of Cloud Computing Models & Techniques
- Usage of Standard Cloud Computing
- Participation in Huawei ICT Competition
- Opportunities of employment in Huawei Institutions (as well as other IT companies)
- Possible internships at Huawei
